## An Extraordinary Sale Shelf-worn Encyclopedias At Remarkably Low Prices.

WE have secured just fifty sets of Standard Encyclopedias of various editions, which we place on sale this morning at prices that really bear no semblance to their original marking, many of them being

### One-fourth the Original Prices.

They are shelf-worn only, but nearly all are in excellent condition, and the contents in no wise affected. No need for us to dwell upon the value in the home of a set of these valuable books to answer the innumerable questions which come up in family and school life each day. This is a most favorable opportunity to secure a set at really a fraction of their original prices. We believe our patrons will be quick to realize the extraordinary values here presented, and we therefore urge early call, as there are few or no duplicates in the lot.

## EIGHTY MORE NOW AT CAMP GOODWILL

Mothers and Children Leave the Georgetown Office for Long Outing in Country.

Eighty mothers and children left the Georgetown office of the Associated Charities for Camp Good Will yesterday. There are now 190 at the camp, which is running very nearly to its capacity. There are also four mothers and six babies at the infant camp. There is still room for more sick babies at this camp, and the physicians to the poor, the District visiting nurses, and social workers are asked to report any cases of special need where country air, good food, skillful nursing, and medical attention may be the means of saving the baby. The guests of Camp Pleasant, Lincoln Heights, D. C., one of the summer camps of the summer outing committee, had an automobile ride yesterday afternoon. Eight colored physicians have volunteered their cars and their own services to take the little folks and their guardians out. Each automobile carries in a conspicuous place the designation, Camp Pleasant, and were decorated. Each also bore an American flag. On Saturday of this week Camp Pleasant will keep open-house from 4 to 8. The camp is reached by H Street District car, to Lincoln Heights, Sixth Street Northwest, where the automobiles are clustered and several informal talks by visiting clergymen and others. Also entertainment by the children. There will be a flag raising. Refreshments will be on sale for the benefit of the camp.

### Easy Aids to Good Looks

(Ella Ellis in the Arch.)

"After motoring or golfing the hair may be dusty—with no time for washing the head. In this dilemma, you will find a dry shampoo a good friend. Put four ounces of powdered orris root in a fruit jar, add an original package of orris and mix together. Sprinkle a little on the head and brush through the hair. The orris removes dust, oil, and dandruff, and leaves the hair light, fluffy, and easy to do up.

"Dandruff will hairs can be made to vanish quickly from face or forehead by applying delicate paste, made by mixing powdered dolomite with water. Cover the hairy surface with this paste for a minute or two, then remove, wash the skin, and the hairs will be gone.

"Short and thin eyelashes detract from otherwise beautiful eyes. Weak and straggly lashes can be strengthened if plain pyroxin be applied to the lash roots with thumb and forefinger. Thin eyebrows always improve with daily applications of pyroxin.

"A complexion cannot be dainty if the skin is shining from perspiration. A complexion beautifier that will not rub off or show like powder is made easily by dissolving an original package of mayonaise in a half-pint of witch hazel. This 'holds' and does not smear. Gently massage with this solution daily, and the skin will be soft and satiny, velvety, and smooth."
